# Welcome/Agenda

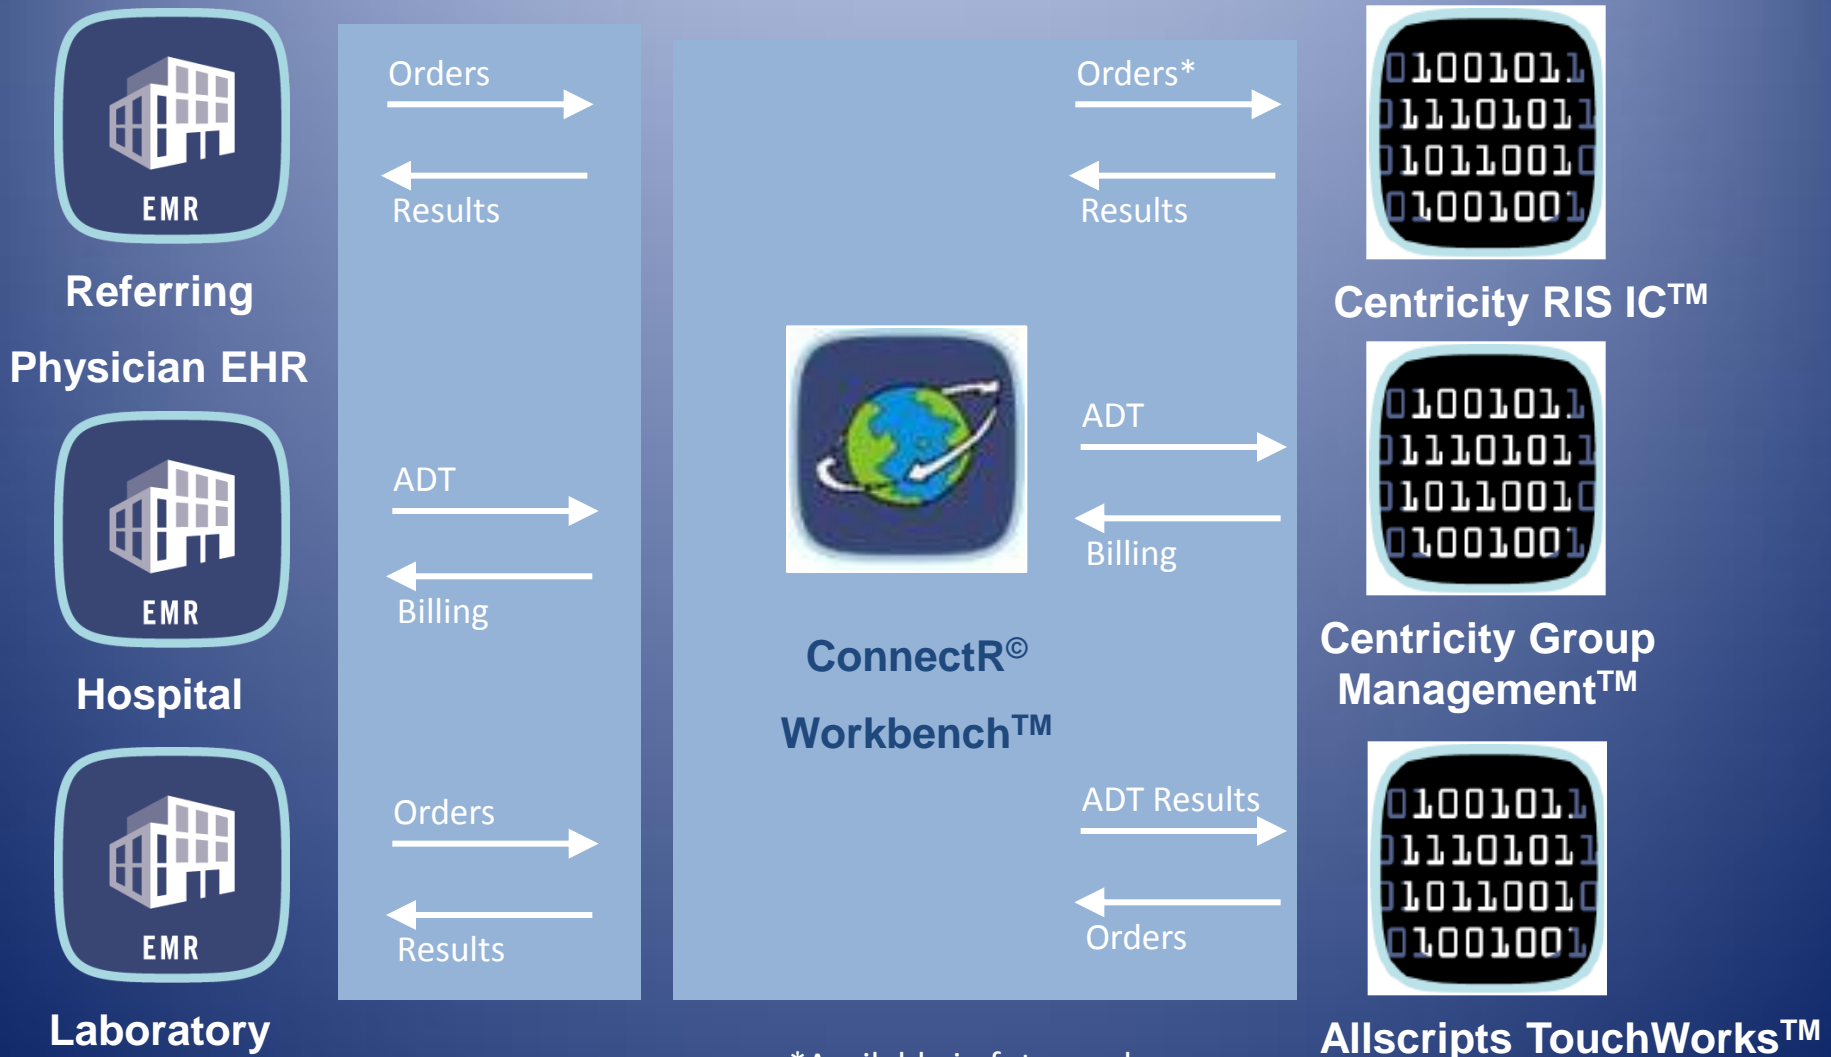

- Craig E. Luce
  - President, EHR Integration Services, LLC.  
*Simplifying Healthcare Interfaces*
- Agenda
  - EHR's role in helping you leverage ConnectR
  - Exciting “outside-the-box” solutions using ConnectR
  - Some practical strategies and tips

# The EHR-GE Partnership

- Customer commitment
  - Centricity Group Management
  - Centricity RIS-IC
  - (including AHS Touchworks - GrpMgmt/RIS-IC customers)
  
- EHR Integration Services
  - ConnectR Workbench Training (3-day workshop)
  - ConnectR Customer Support (short-term & long-term)
  - Interface Development (traditional and custom)
  - EHR Data Conversion Services

# The ConnectR<sup>©</sup> Workbench<sup>™</sup>

\*Available in future release

# “Outside-the-box” ConnectR Solutions

- Maximizing PQRI Medicare Reimbursements
  - Using ConnectR and SQL application to match G-Codes to Charges
- Rule-based Charge Submissions
  - Using SQL stored procedures to collect charges and pre-process before posting to Group Management
- Custom Order Tracking
  - Using Translation Tables to map ORM data to ORU messages (Results)

# 2009 PQRI e-Prescribing

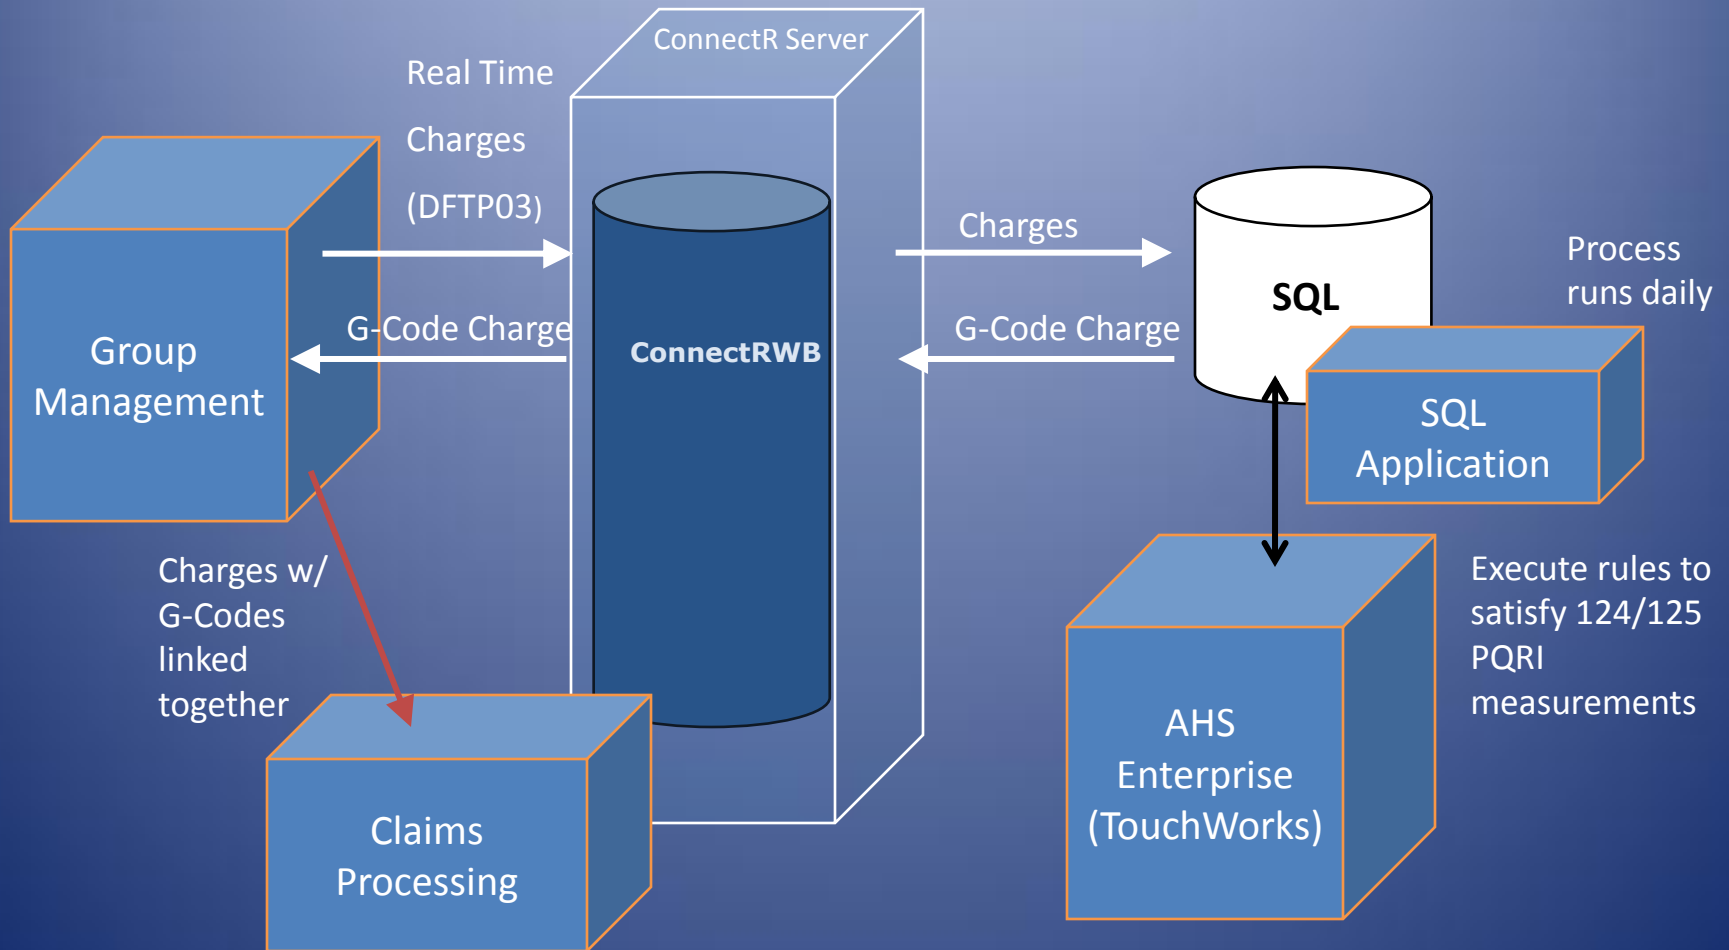

- Central Utah Clinic
  - one of 32 qualified registries for CMS & PQRI in 2008
- Their Challenge:
  - CMS mandated G-Codes be added to the claims
  - Their Allscripts Charge module does not capture all data
  - Tracking manually not an option due to large volume of Medicare patients

# 2009 PQRI e-Prescribing

- The Opportunity
  - Utilize ConnectR interface engine
  - Use existing data in GPMS
  - Create a G-Code interface
- Training
  - ConnectR Workbench Training
    - Thinking outside-the-box
    - Designed interface in class
